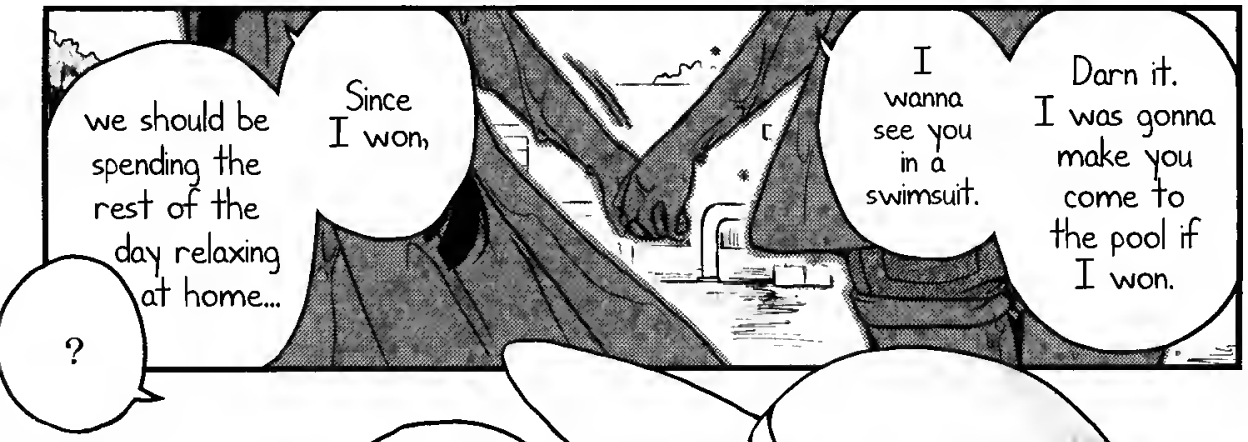
Masaki, you were the one who said we would duel with squirt guns,
but you ended up whipping out a water balloon.
Either way, it's your loss.



Darn it. I was gonna make you come to the pool if I won.
I wanna see you in a swimsuit.
Since I won,
we should be spending the rest of the day relaxing at home...

But, thanks to you, I'm already dripping wet.
Going swimming might not be so bad after all.

Postscript

All along, I'd been thinking of making this series end differently than the one-shot version of the story. How was it? I'm terribly sorry that all sorts of unexpected obstacles resulted in so many delays...! But with your kind support, the story has finally reached its conclusion. I'm incredibly grateful to my readers who waited so patiently all this time. Thank you very much! I hope to someday have the honor of encountering you again.

Special Thanks

I wish to offer my heartfelt thanks to everyone who helped with the creation of this manga, especially my editor, Umezawa, and the book designer, Miyamura.

...and they lived happily ever after in the dark.
